UABA SPONSORSHIP OPTIONS - 2018 SEASON

Happy New Year from the Upper Allen Baseball Association (UABA)!

It's that time of year when we begin to solicit sponsors for the Spring and Fall baseball season. We are excited to announce that the Mechanicsburg Little League Association (MLLA) will be integrating into the UABA starting this Spring. Approximately 150 players will be added to the UABA rosters. One, out of many positive outcomes of the integration, is that, now, all Mechanicsburg School District baseball players will be playing together under one organization. This places even more importance in getting a record number of team sponsors and banner sponsors by March 1, 2018. Hopefully, one of the sponsorship options listed below will fit your budget and expectations.

Sponsoring a team is certainly an excellent way for you to advertise your business. However, UABA recognizes and appreciates the fact that the real reason you are engaging in this opportunity is to give something back to the kids and the community. For that, the UABA board members, parents and players say **Thank you!!**

Jersey Sponsorship ----- \$450.00

Advertising Banner: Cost: \$400

BANNERS: LOGO ARTWORK GUIDELINES

The UABA appreciates local business support of our baseball league. The outfield banners are a very nice addition to the various fields at Community Park and Mechanicsburg fields. Banner purchases, at the \$400.00 rate, include placement for two consecutive Spring and Fall baseball seasons. A real deal!

Over the years we have found there is confusion regarding the type of artwork needed to produce a nice banner. This confusion seems to center around Vector Art graphics files and Raster Art files.

Vector art is created using vector illustration software programs, such as Adobe Illustrator, Freehand, and Corel Draw. However, most Vector art is usually created in Adobe Illustrator, and is commonly saved as a particular file type ending in: **.ai**

Vector art can be saved in other file formats (such as .eps, .svg, or .pdf). **BUT**, it is important to remember that just because a file is saved in one of these formats, does not mean that it is truly vector art. **Only art originally created in a vector editing program, such as Adobe Illustrator, is true vector art.**

Raster art: Raster Art is saved in more familiar graphic file types like .jpeg, .png, .bmp, .gif, .psd, .tif. These files *are not* vector art and we are not able to use these files to create your banner. However, if you used a professional designer to create your art, they may have your artwork saved as vector art. Many designers do not provide their clients with vector art, as they assume that the client will not be able to open the file. So, if you had a professional logo designed for you, but all you have is a JPEG, or some other file type of Raster Art, contact your artist, and ask then for vector art.

Note: We encourage you to use your own graphic designer to help with any logo or text redevelopment.

UABA will maintain and store your banner after the first season. Once the second season has been completed, you will be contacted for future renewal options.

Please check the appropriate line on the sponsorship form and save your art work to a flash drive. Then, contact Ken Mark, VP for Finance, at 72kmark@gmail.com or call at 717-303-8218. He will pick up the sponsorship form, the flash drive and hopefully, your check. Or, you may send the form to:
